1 Choose Your Background Color

Please see other side for examples. Default color is gray.

2 Add Retouching

Premier Retouching — whitens teeth, removes acne, scars and any other imperfections. It also removes anything that may be on the face i.e. food, spit and boogers. Freckles and moles may be removed during the retouching process if they are not well defined.

Basic Retouching — simply removes blemishes.

3 Add Personalization

Personalize your portraits with your **Name & Grade.** This personalization will be added to **ALL** of your portraits!
